Datascore / FiXi Stadium Solution
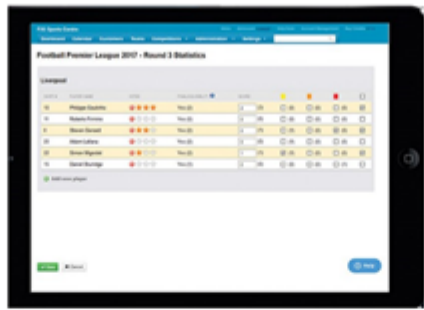

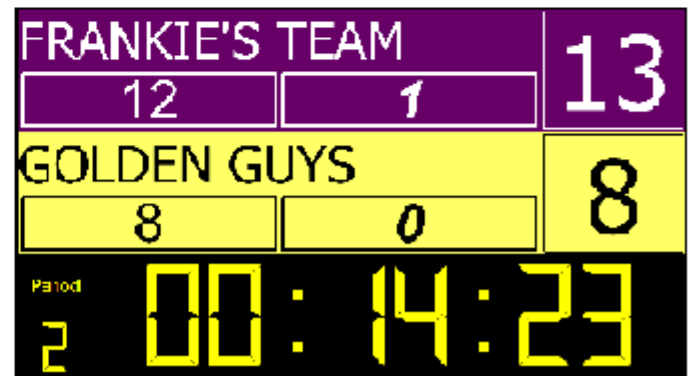

- Expanding your FiXi Competition Management Software with Datascore Player Login Technology and Datascore Scoreboard Technology modernises your stadium, while saving you time.
- 3 simple steps is all it takes!
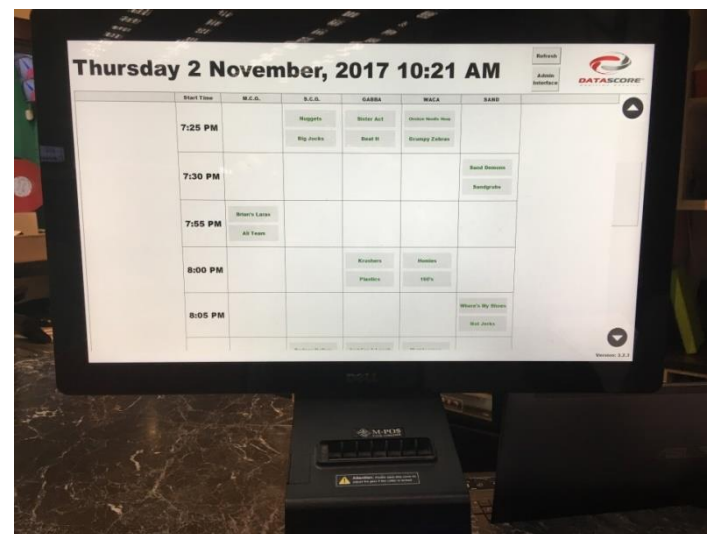

1. Finalise Your Fixtures

- Use FiXi as normal to finalise your fixture for the night

2. Player Login Screen Technology

(optional)

- Team Captain selects players via our simple Player Login Screen Technology
- Printout is taken to counter for payment and to ensure messages are communicated

- Players synchronised back to FiXi to determine finals qualification.

3. Scoreboard Technology

(optional)

- Scorer selects game via remote.
- Scorer enters scores and fouls against players during game.

FRANKIE'S TEAM		13
12	1	
GOLDEN GUYS		8
8	0	
Period 2	00:04:44	

- Players and spectators can view live scores on the TV screens (provided by stadium)
- Results synchronised back to FiXi to determine ladder.
